

# A Night of Hope

**Help us help them!**

Join us for an evening of fellowship and learn more about our vision for rescuing children.

## Our vision

### The Night of Hope

Through Night of Hope events, we hope to inspire the body of Christ to come alongside us in caring for the most innocent and vulnerable among us, children who have been left as orphans, abandoned, and abused; this is the heart of Father God and genuine religion in His sight. (James 1:27)

### Fund Raising

We aim to raise \$10,000 during each Night of Hope, covering the operating cost for one full year at one of our Hope Homes. Attendees can give offerings, and we can also include silent auctions, entry fees, raffles, and product sales as additional ways to raise more funds for our cause.

### Child Sponsorship

In addition to raising funds, we will encourage individuals and families to become monthly partners and support a child or multiple children. Our monthly support goal per child is \$80 for full sponsorship and \$40 for partial sponsorship. Children who need a sponsor will be displayed, and commitments can be made during the Night of Hope.

### Future Expansion

We currently operate 10 Hope Homes across India and Nepal. Our vision is to establish 100 Hope Homes throughout Southeast Asia and beyond as the Lord leads. As we expand our homes, it is our goal to own property for each location, to run an academic school at each location, and to open new homes from a place of financial strength.

### Our Commitment

Each Hope Home is designed to accommodate up to twelve children, and our commitment to the children in our care is lifelong. The children don't age out of our care; rather, they become a part of our eternal family. As the children grow we will do everything in our power to help them take their next steps as they transition into adulthood. Future empowerment includes providing for our children's further education, ministry training, and or other vocational training.

”

**It is our goal to rescue as many children as we can from a life of uncertainty and to give precious boys and girls a future filled with hope; the kind of hope that only comes through Jesus Christ.**

– MIKE & JYOTI VAN BUSKIRK, FOUNDERS AND OVERSEERS

## How you can help.

We need time and space. At church during a special midweek service is perfect. Gather the saints, plan some light refreshments. We'll make the Chai! If a team from the church can be formed, we can coordinate with them and work out the details. We don't want the Night of Hope to be burdensome or complicated; we just want it to be a way to help more children in need. We will handle our own travel arrangements, with no extra financial strain or pressure placed upon the church. **Thank you for your consideration and partnership.**
